

MICHIGAN ASSOCIATION OF
TREATMENT COURT
PROFESSIONALS

REGIONAL TRAINING

BY
MATCP EDUCATION
FACULTY 

Our 1-day Regional Trainings consist of short presentations and facilitated sessions grouped by court team, led by MATCP Education Faculty.

Our only request is that **you have full team participation**. We have found that this type of training is most successful and of most benefit to you when a full team participates.

We tailor the breakout sessions to the collective teams' top issues (*as determined during our registration process*).

Potential topics may include:

- Targeting the Population
- Treatment & Assessment (for SUD & Mental Health)
- Incentives & Sanctions
- Trauma-Informed Responses
- Drug & Alcohol Testing
- Complimentary Services
- Confidentiality & Due Process
- Understanding the Brain Disease of Addiction
- Team Building
- MOUD
- Equity & Inclusion

Past attendees have this to say about attending a MATCP Regional Training

"This was the best one day training our team has had! I recommend it to any Treatment Court!"

"The most valuable was being in-person together to discuss the strengths of our Treatment Court team and areas to work on to enhance our Treatment Court team."
