About MATCP

Michigan Association of Treatment Court Professionals (MATCP) was founded in 1996 and held its first annual conference for treatment court personnel in 1999. MATCP is a 501(c)(4) nonprofit, founded by the first drug and sobriety court members.

MATCP

- provides training through its annual conference, Upper Peninsula training, and other educational events;
- serves as a voice for treatment court in the state and federal legislature; and,
- works with the public and private sectors on educating and advancing treatment courts and other criminal justice and substance use/healthcare reforms.

NO. OF OVERDOSE DEATHS IN MICHIGAN IN 2020

2,684

14%

increase from 2019 overdose deaths (2,354)

NO. OF OVERDOSES IN MICHIGAN IN 2020

15,500+

Note: number of overdoses based on naloxone (Narcan) administrations in 2020; however, many overdoses do not involve EMS intervention, (one factor being the widespread distribution of naloxone to families and community organizations), so this number is undoubtedly much higher
