

Treatment Courts 101
Lansing Center, 333 E. Michigan Ave., Exhibit Hall C
Wednesday, March 30, 2022

This special session presented by MATCP is intended to provide a succinct analysis of the essential components of a problem-solving court. **It is essential that new teams and new team members have a fundamental understanding of the underlying philosophy and processes that are key to developing and maintaining a successful problem-solving court.** The session will offer the basic elements of each subject matter by an experienced faculty member, with the most up-to-date information on how to operate your problem-solving court and a platform for understanding the more thorough substantive educational sessions presented at the Thursday and Friday sessions of the MATCP 22nd Annual Conference, March 31-April 1, 2022.
